

September 25, 2017

Dear Georgia,

I want to take this opportunity to personally express my gratitude for all you did to make our Gala and Fashion Show such a wonderful success. You contributed in so many ways: purchasing tables, helping with the food and facility, and offering your invaluable celebrity connections. One of the highlights of the day had to be Jay Leno's philanthropy. That simply would not have happened without your support and your helping him understand our organization. Everyone left the Fashion Show with uplifted spirits and an expanded knowledge and appreciation for what GAP offers to our community. They also got to know our spirited and enthusiastic grandparent/grandchild models.

It is my hope that you will continue to be involved with Grandparents as Parents. Your contributions to GAP have been immeasurable.

I look forward to seeing you again soon, hopefully for lunch. At that time, I would like to discuss the possibility of your serving on our advisory committee. Thank you again for being such a special friend to GAP.

Sincerely,

A handwritten signature in black ink, appearing to read "Jim Esterle".

Jim Esterle
Board President
